

APPENDIX I

FLORIDA BOARD OF NURSING DECLARATORY STATEMENTS

This appendix contains almost every Declaratory Statement that has been issued by the Florida Board of Nursing. Because most nurses are not aware of these, we have included them in this Manual for your guidance. Because when we received these, many of the copies of these were illegible or had illegible sections, and the scanned versions that are available are of poor quality, we have had these re-typed and are providing our re-typed versions here. However, the text of these decisions should be the same as the originals. We ask that because of the time and effort that has gone into retyping and reformatting these, that you not copy or reproduce them without our permission

We have also prepared the following table listing the declaratory statements in chronological order; each statement is identified by the case number and the subject which the statement addresses.

<u>NO.</u>	<u>DATE</u>	<u>CASE NUMBER</u>	<u>NAME OF PETITIONER</u>	<u>SUBJECT</u>	<u>PAGE</u>
1.	03/12/80	Declaratory Statement	Estelle B. Williamson, R.N.	Unit Treatment and Rehabilitation	APP-I-5
